SERVICE PROVIDED

At Guest Check In

1. Test and adjust water chemistry
2. Adjust water level
3. Clean filters/skimers
4. Vacuum
5. Check operation of pool & spa equipment
7. Remove sand from pool & spa area and arrange deck furniture

Midweek

1. Test and adjust water chemistry
2. Adjust water level
3. Clean filters/skimers

ALOHA POOLS & SPAS INC. provides all pool and spa chemicals except for metal agents. Chemicals will be adjusted to National Pool & Spa Institute Standards. Additional services/repairs will be performed at a rate of \$100.00 per hour for labor. The **OWNER** will be notified prior authorization if unscheduled service/repair exceeds the amount of \$350.00 per month.

Disclaimer - Owner understands the many risks associated with pools and spas. Some of these risks include but are not limited to mechanical failures, rapid changes in water chemistry and high accident potential. **ALOHA POOLS & SPAS INC.** assume no liability for mechanical failures, stains, or the health and safety of the end user of the pool/spa facilities.

NOTICE: Due to a rapid increase in the cost of chlorine, there will be a surcharge added for the 2024 season (estimated cost: \$200 to \$350 based on pool size). We expect this cost to go down once the chlorine supply has normalized.

AGREED SERVICE:
